

Multi-Engineer Team & Multi-Million Contracts

SKYLINES ONE (via NASA projects)

2020 - 2021 • CTO

BEFORE

Founding CTO of a US-based software agency. Needed to build the engineering team from scratch, establish delivery capability, and win Fortune 500 contracts including NASA.

AFTER

Led an international engineering team of 7 across 3 countries. Recruited former Apple engineers. Secured multi-million dollar contracts. Delivered an innovative VR application for NASA alongside other enterprise projects.

KEY RESULTS

→ 7 engineers across 3 countries

→ Former Apple engineers recruited

→ Seven-figure contracts secured

→ NASA VR application delivered
